

CLAIMS

What is claimed is:

1. A hand-held electronic device, comprising:
 - a display screen;
 - a number pad coupled to said display screen such that said display screen folds upward to reveal said display screen and said number pad; and
 - a keyboard underneath said number pad such that said number pad folds out sideways to reveal said keyboard.
2. The device of claim 1 further comprising at least one speaker to transmit audio information.
3. The device of claim 1 further comprising at least one microphone for receiving audio data.
4. The device of claim 1 wherein said keyboard is a qwerty keyboard.
5. The device of claim 1 wherein said keyboard is a game pad keyboard.
6. The device of claim 5 wherein said game pad keyboard comprises a directional pad.
7. The device of claim 5 wherein said game pad keyboard comprises at least one programmable action button.
8. The device of claim 5 wherein said game pad keyboard comprises at least one trigger.
9. The device of claim 5 wherein said game pad keyboard comprises a slider throttle control.
10. The device of claim 1 wherein said number pad folds sideways to a right side.

11. The device of claim 1 wherein said number pad folds sideways to a left side.
12. The device of claim 1 wherein said number pad is coupled to said display screen with a hinge.
13. The device of claim 1 further comprising at least one function key that controls the basic functions of the device.
14. The device of claim 1 wherein said number pad is coupled to said keyboard with a hinge.
15. The device of claim 1 further comprising a camera.
16. A hand-held electronic device, comprising:
 - a display screen for displaying text and graphical information;
 - a number dial pad coupled to said display screen such that said display screen folds upwards to reveal said number dial pad;
 - a keyboard underneath said number dial pad such that said number dial pad folds out sideways to reveal said keyboard;
 - at least one speaker to transmit audio information; and
 - at least one microphone for receiving audio data.
17. The device of claim 16 wherein said keyboard is a qwerty keyboard.
18. The device of claim 16 wherein said keyboard is a game pad keyboard.
19. The device of claim 18 wherein said game pad keyboard comprises a directional pad.
20. The device of claim 18 wherein said game pad keyboard comprises at least one programmable action buttons.

21. The device of claim 18 wherein said game pad keyboard comprises at least one trigger.
22. The device of claim 18 wherein said game pad keyboard comprises a slider throttle control.
23. The device of claim 16 wherein said number dial pad folds sideways to a right side.
24. The device of claim 16 wherein said number dial pad folds sideways to a left side.
25. The device of claim 16 wherein said number dial pad is coupled to said display screen with a hinge.
26. The device of claim 16 further comprising at least one function key that controls the basic functions of the device.
27. The device of claim 16 wherein said number dial pad is coupled to said keyboard with a hinge.
28. The device of claim 16 further comprising a camera.
29. A hand-held electronic device, comprising:
 - a display screen for displaying text and graphical information;
 - a number dial pad coupled to the display screen; and
 - a game pad keyboard underneath said number dial pad such that said number dial pad folds out sideways to reveal said game pad keyboard.
30. The device of claim 29 further comprising at least one speaker to transmit audio information.
31. The device of claim 29 further comprising at least one microphone for receiving audio data.

32. The device of claim 29 wherein said game pad keyboard comprises a directional pad.
33. The device of claim 29 wherein said game pad keyboard comprises at least one programmable action buttons.
34. The device of claim 29 wherein said game pad keyboard comprises at least one trigger.
35. The device of claim 29 wherein said game pad keyboard comprises a slider throttle control.
36. The device of claim 29 wherein said number dial pad folds sideways to a right side.
37. The device of claim 29 wherein said number dial pad folds sideways to a left side.
38. The device of claim 29 further comprising at least one function key that controls the basic functions of the device.
39. The device of claim 29 wherein said number dial pad is coupled to said game pad keyboard with a hinge.
40. The device of claim 29 further comprising a camera.
41. A hand-held electronic device, comprising:
 - a display screen;
 - an input member coupled to said display screen, said input member comprising a number pad and a keyboard;
 - said input member being coupled to said display screen such that said display screen folds upward to reveal said display screen and said number pad; and

said keyboard being located underneath said number pad such that said number pad folds out sideways to reveal said keyboard.

42. The device of claim 41 further comprising at least one speaker to transmit audio information.

43. The device of claim 41 further comprising at least one microphone for receiving audio data.

44. The device of claim 41 wherein said keyboard is a qwerty keyboard.

45. The device of claim 41 wherein said keyboard is a game pad keyboard.

46. The device of claim 45 wherein said game pad keyboard comprises a directional pad.

47. The device of claim 45 wherein said game pad keyboard comprises at least one programmable action button.

48. The device of claim 45 wherein said game pad keyboard comprises at least one trigger.

49. The device of claim 45 wherein said game pad keyboard comprises a slider throttle control.

50. The device of claim 41 wherein said number pad folds sideways to a right side.

51. The device of claim 41 wherein said number pad folds sideways to a left side.

52. The device of claim 41 wherein said number pad is coupled to said display screen with a hinge.

53. The device of claim 41 further comprising at least one function key that controls the basic functions of the device.

54. The device of claim 41 wherein said number pad is coupled to said keyboard with a hinge.

55. The device of claim 41 further comprising a camera.
